## DETAILED ACTION

### *Allowable Subject Matter*

1. The following is an examiner's statement of reasons for allowance:

### EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Applicant's Attorney Mr. Takeuchi Reg. No. 30,921 on September 3, 2003.

Therefore the previously non-elected **claims 12-15** have been canceled. Applicant's proposed drawing correction, which was filed on March, 4, 2003 is accepted by Examiner.

**Claim 16** has been rewritten as **claim 21**. Recitation "a detent member" has been amended to a turn stop member.

The rejection under U.S.C. 112 first paragraph has been withdrawn.

**Claims 16-20** have been canceled, and new **claims 21-27** have been added.

The prior art of the record fails to teach or suggest a motor casing the combination of, inter alia, first, second, and third metal casing members, with a control section disposed in the third casing member, the first and second casing members being provided with a turn stop member there between to prevent a displacement between the first and second casing members and secured to each other, and the first and third

casing members having seating faces with irregular surfaces at edges thereof such that the irregular surfaces are exactly brought into contact with and secured to each other .

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
